SURPRISING CONDITIONS—A CITY WHERE GRAY HAired PEOPLE RIDICULE THE OSLER THEORY.

We learn that a car load of Q-Ban Hair Restorer and Tonic was bought by one firm of retail druggists in Omaha City. Evidently the gray heads and those people possessing this straggly hair living in Omaha City are commencing to realize that the advantage of preserving a youthful appearance is not to be lightly disregarded. Dr. Osler's theory may be wrong, but nevertheless, many men have failed to secure a position that otherwise they might have secured but for the gray hairs that announced the approach of loss of energy and youth. Who makes the best impression on the employer seeking help—the man with gray hair, or the man with a youthful head of hair? The use of Q-Ban Hair Restorer can make some people look as if twenty years had been rolled back for them.

We publish below a testimonial that came unsolicited; the writer testifies to the fact that a two weeks' course restored the few gray hairs he had to the original color. If Q-Ban Hair Restorer does not do the same for you after using six bottles, your money will be refunded by the drug-gist of whom you buy the preparation. We claim for the Hair Tonic that it will keep your scalp in a healthy condition and will increase the length of the hair at least three inches per year until the limit of growth has been reached.

Motley Drug Co. recommend and sell these preparations. If you are gray haired or your hair is commencing to fade you can have the first full size 50c bottle by sending 12c in postage to the Hessig-Ellis Drug Co., Memphis, Tenn.

catcher and with that end in view he will undertake to clear any town of less than fifty thousand of unlicensed dogs within thirty days, free of charge to the municipality. Hart is a native of England, where he learned the art of catching dogs, and has worked in the province of Nova Scotia and practically every state in the union. He has had numerous narrow escapes, the most exciting, he says, being at Kallispel, Mont., where the owners of dogs placed in pound threatened to lynch him and his partner if they did not leave the town within twenty-four hours. Hart expects to return next spring and will also visit other towns between Spokane and the head of the great lakes.

The Laymen's Missionary Movement Is Taking Hold.

(Herald Special.)

San Antonio, Texas, Jan. 25.—About ten thousand calls have been issued for the laymen's interdenominational missionary movement convention to be held in this city on February 22, 23 and 24. The local branch of the organization has been very busy for some time making the necessary arrangements. The convention to be held will be one of many which are to culminate in a national congress at Chicago which will meet on May 3 to 6, this year. The purpose of this movement is said to be the spreading of christianity to every country within this generation. The laymen's organization will confine its efforts to the collection of funds to be used with that end in view. Similar conventions will be held in over seventy other cities of the United States.
